**EASY TO SHOOT**

- Simple dot acquisition
- Track the dot when shooting
- Keep your focus on target
- Increase your shooting speed and accuracy

**EASY TO USE**

- Fits on popular red-dot-ready pistols
- Top loading battery
- Compatible with suppressor height iron sights
- Tool-less adjustments makes zeroing hassle-free

**EASY TO TRUST**

- Intuitive dot illumination control
- Crisp aiming dot with large clear lens
- Forged 7075 aluminum construction
- 3 years of battery life*

The Trijicon SRO™ is specifically designed for pistol use. The wide field of view and clean, crisp dot makes it easy for users to find and track the dot in both target and competitive shooting applications, helping improve shooting accuracy and speed. Every SRO features both manual and automatic LED brightness modes and a 3-year battery life. These features make the SRO a great choice in any application.

---

**AVAILABLE RETICLES**

1.0 MOA Dot
